

## THE SOMNI WORKSTATION

Shown with O2 Concentrator,  
EPS-3, AMD 3+, Uniflow and  
Red Induction Chamber

The SOMNI Workstation is a mobile anesthesia system that can also be utilized as a workspace. It is customizable to suit any researcher's needs. Utilizing an "H" style frame makes the SOMNI Workstation very stable and able to fit into tight spaces. With options like E-tanks or an O2 Concentrator mounting system, it becomes a fully-independent workstation.

### STANDARD FEATURES INCLUDE:

- Powder Coated Aluminum Frame, Cleans with Ease
- Magnetic Work Area for Use with SOMNI Induction Chambers and Nose Cones
- Standing Height Work Area for Improved Ergonomics
- Shelf for EPS-3 Active Vacuum System or Cages
